SAKSHAM VOCATIONAL TRAINING UNIT

Iswar Sankalpa began its humble journey in 2007 by providing psychosocial assistance to the urban homeless on Kolkata's streets. Our programmes are built as responses to the voice of the forgotten. Our goal in the rehabilitation, restoration, and resettlement of recovering men and women is to help them earn a living through livelihood training.

Saksham, the Vocational Training Unit at Iswar Sankalpa, was started in 2012. It aims at training home-based and homeless persons with psychosocial disabilities in skills which will help them earn a livelihood, foster self-dependence, and help stay engaged in a dignified manner. Saksham imparts training in sewing, stitching, decoupage, and making crafts that builds life skills and skills for sustainable employment which empowers our clients in the process. The clients receive a stipend even during the training period.

Saksham not only provides a sustainable economic opportunity but plays a crucial role in the recovery process of the individuals enrolled in the program.

SAKSHAM VOCATIONAL TRAINING UNIT

"Great things are not done by one person. They're done by a team of people."

- Steve Jobs
